1. CORE PURPOSE, PHILOSOPHICAL FOUNDATION & VOICE NOTE VISION

1.1 The Core Purpose

Dubai is the world's most dynamic crossroads of ambition, luxury, and hyper-growth. However, thousands of newcomers succumb to the **"Expat Trap"**: spending every dirham on luxury car leases, brunches, and marina views, while carrying zero savings, falling prey to phone scams, and living in constant fear of visa expiration.

Come To Dubai is designed as an addictive, hyper-authentic life simulation that bridges game entertainment with real-world financial literacy, regulatory compliance, and career mastery. Players do not just grind coins; they navigate the exact legal, financial, and wellness systems that dictate success in Dubai.

1.2 The Voice Note Vision & Real-Life Lessons

Synthesized directly from foundational founder audio notes, the core game philosophy hinges on three iron laws:

- **The Sustainability Calculation Must Precede Luxury**: Every resident must calculate their daily burn rate before upgrading their lifestyle. Success is not measured by the car you drive; it is measured by your **Runway Days** (Liquid Assets ÷ Daily Burn).
- **Education Is the Sovereign Equalizer**: Academic diplomas earned at GEMS Wellington Academy and Brain U in Academic City are not cosmetic badges—they mathematically increase a player's hourly wage, unlock student residency visas, and qualify candidates for peer-to-peer executive hiring.
- **Vigilance & Holistic Health Protect Capital**: Capital accumulated through hard work can vanish in seconds if a resident falls for a phone scam or burns out from chronic exhaustion. Physical wellness and cyber defense are core survival skills.

2. THE COMPLETE 5-ACT NARRATIVE STORYLINE

```
[ ACT I: THE LANDING & THE 30-DAY COUNTDOWN ]
DXB Terminal 3 -> Smart Gates -> 50k AED Seed -> Visit Visa Ticking Clock
                        |
                        ▼
[ ACT II: THE SUSTAINABILITY TEST & ACADEMIC CITY ]
Sustainability Blueprint Wizard -> GEMS Wellington & Brain U -> Student Visa
                        |
                        ▼
[ ACT III: URBAN MOBILITY & CYBER SURVIVAL ]
RTA Driving Academy (4 Phases) -> Vehicle Purchase -> e-Crime Scam Defense
                        |
                        ▼
[ ACT IV: THE ENTERPRISE BOOM & P2P HIRING ]
MOHRE Work Visa -> Green Freelance -> Player Hiring on Dubai Job Board
                        |
                        ▼
[ ACT V: SOVEREIGN STATUS & THE AED 5,000 CASH FINALE ]
10-Year Golden Visa / Emirati Patron -> Monthly AED 5,000 Cash Championship
```

Act I: The Landing & The 30-Day Countdown

- **Setting**: Dubai International Airport (DXB) Terminal 3.
- **Inciting Incident**: The player steps out of the baggage claim with a fresh starting balance of **50,000 AED**. But their in-game phone immediately lights up with an urgent GDRFA notification:

> *"Welcome to the United Arab Emirates. Your 30-Day Single-Entry Tourist Visa is now active. Time remaining: 29 days, 23 hours, 59 minutes."*

- **The Conflict**: At 09:00 AM GST every day, rent, transport, and telecom costs are deducted automatically. If the countdown reaches zero without a visa transition, GDRFA overstay fines (**50 AED/day**) begin draining the player's balance.

Act II: The Sustainability Test & Academic City

- **Setting**: Dubai Academic City, GEMS Wellington Academy, and Brain U.
- **Journey**: The player must complete the **Sustainability Blueprint** to calculate their daily burn. To escape the ticking visit visa clock, they enroll in Academic City under the guidance of **Laura**, Principal of GEMS Wellington.
- **Climax**: Passing their foundational exams awards an accredited academic diploma and automatically unlocks a **90-Day Student Residence Visa**, providing crucial breathing room.

Act III: Urban Mobility & Cyber Survival

- **Setting**: RTA Driving Academy, Sheikh Zayed Road, and Dubai Police e-Crime Division.
- **Journey**: Public transit becomes inefficient as the player's career expands. They enroll at the RTA Driving Academy, mastering eye tests, theory rules, the dreaded Smart Yard parallel park, and highway driving to earn a digital UAE Driving License in their Apple/Google Wallet.

- **Conflict**: Fraudulent SMS messages and impersonation calls (fake Dubai Police CID officers, Salik fines, Emirates Post customs fees) attempt to drain the player's hard-earned balance. Reporting them to e-Crime yields cash bounties and leaderboard prestige.

Act IV: The Enterprise Boom & P2P Hiring

- **Setting**: DIFC Innovation Hub, Business Bay, and Dubai Job Board.
- **Journey**: Armed with diplomas and mobility, the player transitions to a **2-Year MOHRE Employment Visa** or earns 360,000 AED to sponsor their own **5-Year Green Freelance Visa**.
- **Co-op Economy**: High-performing players incorporate businesses and hire other real players through the Dubai Job Board, establishing binding employment contracts and managing weekly payrolls.

Act V: Sovereign Status & The AED 5,000 Cash Finale

- **Setting**: DLD Cube, Downtown Dubai Penthouses, Palm Jumeirah, and Season Finale Event.
- **Endgame**: The player accumulates 2,000,000 AED in freehold property equity or graduates with honors (*GPA ≥ 3.8*) while scaling a tech venture to unlock the **10-Year Golden Visa**.
- **Climax**: At the end of each calendar month, the top player across the 4-pillar balanced leaderboard wins the **AED 5,000 Real Cash Tournament**, paid out in real dirhams via UAE bank transfer, wire, or presented live at a Dubai gala.

3. THE TWO CORE PLAYER ARCHETYPES (EXPAT VS. EMIRATI CITIZEN)

Feature / Trait	The Expatriate Pioneer	The UAE National (Emirati Citizen)
Starting Balance	50,000 AED	50,000 AED + National Heritage Grant
Legal Immigration Status	30-Day Visit Visa (Subject to Overstay Fines)	Verified UAE Citizen (No visa, no expiration)
Identification Pass	Green Expat Emirates ID (Tied to Visa Expiry)	Gold Falcon Emirates ID (Permanent Citizen Badge)
Cultural Wardrobe	Modern Urban / International Corporate Wear	Pristine White Kandura, Tarboosh, Bisht, Luxury Abaya
Core Gameplay Drive	Upward residency mobility, survival, FI/RE Runway	Civic leadership, business incubation, expat patronage
Overstay Penalty Risk	50 AED / day overstay fines if visa expires	Zero risk (Permanent sovereign status)
Endgame Objective	Attain 10-Year Golden Visa & Win Cash Tournament	Scale national GDP, mentor expats & win Tournament

4. AGE 13+ CHILD SAFETY & THE 21+ VELVET ROPE NIGHTCLUB BOUNCER

4.1 Legal & App Store Compliance

Come To Dubai conforms strictly to Apple App Store, Google Play, COPPA, and UAE TDRA **13+ guidelines**:

- No real gambling, sexual themes, or underage consumption of alcohol.
- High school age (13–17) aligns naturally with the GEMS Wellington secondary curriculum.

4.2 The 21+ Physical 3D Bouncer System

Dubai is globally celebrated for nightlife, but UAE law strictly forbids minors from entering licensed clubs and lounges. The game translates this into a high-retention "Velvet Rope" dynamic:

- **The Experience**: When an avatar whose registered age is between 13 and 20 approaches licensed adult venues (e.g., Soho Garden, White Dubai, Beach Clubs), a burly 3D Emirati/International Security Bouncer steps forward, holds up a hand, and performs an ID check animation.
- **The Dialog**:

> *"ID check! Good evening young man/lady. Sorry, this venue is strictly 21+ per Dubai Municipality regulations. Why don't you check out the Arcade at Dubai Mall, Kite Beach skate park, or GEMS Sports Club?"*

- **The Retention Hook**: The bouncer creates aspirational friction. Younger players see 21+ players entering VIP lounges, creating genuine anticipation for the exact calendar day their avatar turns 21.

```

5.2 Mathematical Engine & The 09:00 AM GST Tick

$*Daily Living Burn = |frac{Housing + Commute + Telecom + Fitness + Remittance}{30}*$

$*FI/RE Runway (Days) = \frac{Liquid Bank Balance (AED)}{Daily Living Burn (AED)}*$

- **The Daily Tick (09:00:00 GST)**:
- Backend cron worker executes automated deductions.
- Push notification: *"Emirates NBD Alert: Daily living expenses of [X] AED deducted. Balance: [Y] AED. Runway: [Z] Days."*
- If Runway *< 14* days: UI activates the flashing amber **"Expat Trap Warning"**.
- If Runway *> 90* days: Unlocks a **+10% Financial Discipline Yield** bonus on savings.

5.3 Profile Housing Reflections & Interactive Home Environments

The player's 3D home environment dynamically adapts to their registered **Sustainability Blueprint Housing Tier** stored in their profile (`bed_space` , `studio` , `one_bedroom` , `penthouse` , `villa`):

- **Shared Bed Space (Deira / Bur Dubai - 800 AED/mo)**:
- *Visual Layout*: Compact multi-occupancy room (*5m × 5m*) featuring metal bunk beds with privacy curtains, hard-shell suitcases stored underneath, shared mini-fridge with electric kettle, wall clothes rack, and multi-plug surge protectors.
- *Ambient Atmosphere*: Warm fluorescent lighting, spinning ceiling fan, sound of Old Dubai street horns, dhow engines from Dubai Creek, and roommate banter.
- *Interactive Activities*:
- `[Brew Instant Karak Chai]` : Boil water on mini-fridge kettle, mix evaporated milk, tea, and cardamom (+15 Hunger, +10 Energy).
- `[Rest in Partitioned Bunk]` : Close curtains for a restorative nap (+40 Energy).

- `[Send Remittance Home]` : Send money via phone exchange app (+20 Social fulfillment).
- **Studio Apartment (Al Barsha / JVC - 2,500 AED/mo)**:
- *Visual Layout*: Modern self-contained open-plan studio (*7m × 7m*) with a queen-size bed, kitchenette with 2-burner induction stove, work desk with laptop and monitor, 2-seater sofa facing a 43" TV, and balcony door.
- *Ambient Atmosphere*: Natural light through sheer curtains, split AC hum, peaceful suburban JVC rooftop view.
- *Interactive Activities*:
- `[Cook Indomie or Scrambled Eggs]` : Cook on induction stove (+35 Hunger).
- `[Work at Laptop Desk]` : Freelance assignments or GEMS study (+15 Skill, +10 Focus).
- `[Stream Dubai One on Smart TV]` : Relax on sofa (+25 Fun).
- `[JVC Balcony Morning Coffee]` : Sip coffee looking out at city rooftops (+15 Mental Health).
- **1-Bedroom Apartment (Dubai Marina / JBR - 7,000 AED/mo)**:
- *Visual Layout*: Luxury dual-zone residence (*10m × 8m*) with separate master bedroom, open-plan kitchen island with marble counter, L-shaped Italian leather sofa, 65" 4K OLED TV, and floor-to-ceiling panoramic glass balcony overlooking Marina yachts.

- *Ambient Atmosphere*: Recessed warm cove lighting, gentle sea breeze sound, ambient lounge music.
- *Interactive Activities*:
- `[Pull Double Nespresso Shot]` : Premium espresso capsule brew (+25 Energy, +10 Focus).
- `[Host Visiting Peer / Friend]` : Invite player or NPC for dinner & networking (+35 Social).
- `[Marina Balcony Skyline Chill]` : Watch superyachts cruise the canal (+30 Fun, +20 Mental Health).
- `[Master Suite Deep Sleep]` : 8-hour uninterrupted sleep (Resets Energy to 100%, grants +10% Productivity buff).
- **2-Bedroom Multi-Room Apartment (Downtown / Dubai Creek Harbour - 11,500 AED/mo)**:
- *Visual Layout*: Expansive family/executive residence featuring **Dollhouse Up-View Cutaway Mode**. From an elevated isometric angle (*60^|circ*), all interior partition walls are rendered as half-height architectural cuts (1.1m) or see-through headers, allowing players to view the **entire multi-room floor plan at a glance**:
- **Master Suite** with king bed, en-suite bathroom, and walk-in wardrobe.
- **Second Bedroom** configured as an Executive Study or Guest Bedroom (dual-monitor desk, bookcase, guest bed).
- **Grand Living & Dining Lounge** with L-sofa, 65" 4K TV, and 6-person marble dining table.
- **Open Kitchen & Breakfast Bar** with granite counter, barstools, and espresso bar.
- **Connecting Hallway Corridor & Foyer** connecting all rooms seamlessly.
- **Expansive Skyline Balcony** overlooking Dubai Creek or Downtown.
- *Seamless Room-to-Room Navigation*:
- Tapping any room, doorway, or furniture piece triggers smooth avatar pathfinding from room to room through open doorways.
- Camera smoothly glides (`lerp`) to center on the active room, with instant toggle between **Full Dollhouse Up-View** and **Room Focus Mode**.
- *Interactive Activities*:
- `[Master Suite Deep Rest]` : Resets Energy to 100% and grants a +15% Focus buff.
- `[Dual-Monitor Study Workstation]` (Bed 2 / Study): Accelerates GEMS Wellington study speed by +25%.
- `[Host 6-Person Dinner Party]` (Dining Room): Entertain visiting friends (+40 Social, +25 Fun).
- `[Gourmet Meal Preparation]` (Open Kitchen): Cook salmon and saffron rice (+50 Hunger).
- `[Panoramic Balcony Sunset Chill]` : Meditate in outdoor wicker loungers (+35 Mental Health).
- **Downtown Penthouse & Palm Villa (18,000 to 45,000 AED/mo)**:
- *Visual Layout*: Expansive double-height loft or beachfront estate with Carrara marble, custom wet bar, private terrace plunge jacuzzi or beachfront infinity pool, and designer Majlis.
- *Interactive Activities*:
- `[Skyline Jacuzzi Soak]` : Soak in terrace jacuzzi overlooking Burj Khalifa (+50 Health, +40 Fun).
- `[Mix Artisanal Mocktail]` : Custom wet bar mixology (+30 Social).
- `[Host Traditional Majlis Gathering]` : Serve Gahwa & Medjool dates to visiting partners (+50 Civic Clout).
- `[Private Beachfront Swim]` : Swim in Arabian Gulf waters (+60 Health).

8. RTA DRIVING ACADEMY IN ACADEMIC CITY & TRANSPORT ECONOMY

8.1 The 4-Stage Licensing Gauntlet

Located in Dubai Academic City, the RTA Academy provides full interactive testing:

- **Phase 1: RTA Eye & Reflex Test**: Interactive mini-game testing color vision, optical reaction speed, and peripheral motion tracking.
- **Phase 2: RTA Theory Exam**: 20 multiple-choice questions on speed limits (Sheikh Zayed Road 100/120 km/h vs. residential 40 km/h), Salik gates, roundabout right-of-way, and black points. Pass mark: ≥ *80*|%.
- **Phase 3: Smart Yard Automated Test**: Top-down physics challenge testing parallel parking, 90-degree parking, and hill-start without crossing sensor lines.
- **Phase 4: Highway Road Test**: Live 3D traffic simulation assessing lane discipline, blind-spot checks, safe following distances, and merging onto 6-lane highways.

8.2 The Digital License & Career Unlocks

- **Apple / Google Wallet Pass**: Passing issues a certified Digital RTA Driving License with dynamic QR code, visible on the player's HUD.
- **Career Unlocks**:
- *Careem Captain*: 250–400 AED per shift.
- *Noon Express Courier*: 300–500 AED per shift.
- *VIP Luxury Chauffeur (Rolls-Royce/Maybach)*: 1,200–2,000 AED per shift.

---

9. RECHARGE, REJUVENATION & HOLISTIC HEALTH RATING

9.1 Holistic Health Rating (0–100%)

Success in Dubai requires mental clarity and physical vitality. The health engine dynamically tracks player activities:

- **Beach Walk (Kite Beach / Dubai Marina)**: +5% Health / 5 mins.
- **Beach Calisthenics / Commercial Gym**: +10% Health.
- **Social Dining & Lounges (21+)**: +15% Social Wellness.
- **Restorative Sleep in Owned/Rented Bed**: Resets Energy to 100%.

9.2 The "Peak Performer" Buff vs. "Burnout" Penalties

- **Peak Performer Tier (>85% Health)**:
- **+20% bonus** on all hourly wages, freelance client billings, and business revenue.
- **+25% faster study completion** at GEMS and Brain U.
- **Burnout Tier (<30% Health)**:
- Character walk speed reduced by 50%.
- 20% productivity deduction on salary.
- Course exam attempts locked due to mental exhaustion.

---

10. PEER-TO-PEER VENUE HIRING & ENTERPRISE ECONOMY

10.1 The Dubai Job Board & MOHRE Contracts

- **Employer Flow**: Players who own businesses (e.g., Downtown Bistro, Tech Agency, Marina Yacht Charter) post vacancies on the Dubai Job Board.
- **Hiring Criteria**: Employers filter candidates by minimum diploma credentials (e.g., *Requires Brain U FinTech Level 2 + Health Rating ≥ 80|%*).
- **Automated Payroll**: Binding MOHRE smart contracts execute salary disbursements every Friday at 17:00 GST from the company treasury to employee accounts.
- **Revenue Multiplier**: Businesses staffed by qualified player employees earn a **1.5x to 3.0x daily revenue multiplier**.

10.2 Authentic Dubai Relatable Interactive Activities Matrix

Every venue across the city provides authentic, culturally grounded activities that players actively engage in:

- **Traditional Cafeterias & Karak Spots (Koukh Al Shay, Deira)**:
- `[Order Karak & Oman Chips Roll]`: The quintessential Dubai snack—crushed Chips Oman, cream cheese, and hot sauce wrapped in hot paratha with sweet cardamom Karak tea (7 AED | +25 Hunger, +20 Energy).
- `[Honk for Car-Side Service]`: Drive-thru horn call to have cafeteria staff bring a tray to your car window.

12. THE FAST-TRACK HNWI DLD CUBE PATH (REAL CARD TO GOLDEN VISA)

12.1 The Whale Onboarding Pipeline

High-Net-Worth Individuals who wish to bypass the entry-level grind can visit the **DLD Cube VIP Concierge** inside the Dubai Land Department:

- Player uses a real credit/debit card via Stripe to purchase virtual AED bundles (e.g., 2,000,000+ virtual AED).
- Player purchases a qualifying Tier-1 freehold property:
- *Downtown Sky Penthouse (2,200,000 AED)*
- *Palm Jumeirah Signature Villa (5,500,000 AED)*
- DLD generates an official digital Title Deed with cryptographic QR verification.
- GDRFA instantly approves and issues the **10-Year Golden Visa**.

12.2 Anti-Pay-to-Win Tournament Guardrail

While real capital buys instant luxury property and residency, **it does not buy victory in the AED 5,000 Cash Tournament**:

- Net Worth accounts for only **25%** of the tournament leaderboard score.
- The remaining **75%** is driven by Academic Diplomas (25%), Cyber Anti-Scam Defense (25%), and Health KPIs (25%).
- A disciplined player who studies, defends against scams, and maintains peak health will defeat a passive whale on the leaderboard.

---

13. THE AED 5,000 MONTHLY REAL CASH TOURNAMENT & FAIR-PLAY ENGINE

13.1 Real Monetary Stakes

Every calendar month features an official tournament where the #1 player on the Season Leaderboard wins **5,000 AED in real cash**, disbursed via verified UAE bank transfer, international wire, or presented live at a prestigious Dubai gala.

13.2 The 4-Pillar Fair-Play Scoring Algorithm

$*Tournament Score = (Net Worth Pts × 0.25) + (Diplomas Pts × 0.25) + (Anti-Scam Pts × 0.25) + (Health KPI Pts × 0.25)*$

- **Net Worth Points (Max 2,500 pts)**: Capped logarithmic scale of liquid savings + property equity.
- **Diplomas Points (Max 2,500 pts)**: Earned through GEMS Wellington and Brain U certifications.

- **Anti-Scam Points (Max 2,500 pts)**: Accumulated by identifying and reporting phishing calls to e-Crime (+50 pts each).
- **Health KPI Points (Max 2,500 pts)**: Days spent in the "Peak Performer" tier (>85% health).

15. EXHAUSTIVE AGILE USER STORIES & ACCEPTANCE CRITERIA

Epic 1: Onboarding, Identity & Child Safety

- **US-1.1: Expatriate Arrival on 30-Day Visit Visa**
- *As a* newly arrived expat at DXB, *I want to* receive my 50,000 AED starting balance and see an active 30-day visit visa countdown, *so that* I feel immediate urgency to establish residency before overstay fines hit.
- *Acceptance Criteria*: Database generates `visa: "VISIT"`, `daysRemaining: 30`. HUD displays persistent countdown. Daily overstay fines of 50 AED begin if timer hits 0.
- **US-1.2: UAE National (Emirati Citizen) Archetype**
- *As a* verified UAE National, *I want to* claim my Falcon Emirates ID and wear authentic national attire (Kandura/Bisht/Abaya), *so that* I am exempt from visa countdowns and can focus on civic enterprise and expat mentorship.

- *Acceptance Criteria*: `visaRequired: false`. Unlocks native attire wardrobe. Quests focus on venture sponsorship and cultural leadership.
- **US-1.3: Age 13+ Child Safety & 21+ Club Bouncers**
- *As a* player aged 13–20, *I want to* explore Dubai, study at GEMS, and drive vehicles, *while* being physically blocked by 3D bouncers from entering licensed adult nightlife venues.
- *Acceptance Criteria*: Approaching licensed clubs triggers a physical 3D bouncer ID check, polite voice dialog refusal, and redirection to teen-friendly venues.

Epic 2: Economic Engine & Sustainability

- **US-2.1: Sustainability Blueprint Configuration**
- *As a* resident, *I want to* select my housing, transport, phone plan, gym, and family remittance commitments, *so that* the system computes my exact daily burn rate and FI/RE Runway.
- *Acceptance Criteria*: Real-time UI calculates *Daily Burn = Monthly Commitments ÷ 30*. Displays Runway Days. Triggers Expat Trap alert if Runway *< 14* days.
- **US-2.2: 09:00 AM GST Automated Bank Deduction**
- *As an* active player, *I want* my fixed living expenses deducted automatically every morning at 09:00 AM GST, *so that* I experience real cash flow urgency.
- *Acceptance Criteria*: Automated worker debits account daily. Push notification sent. Overdraft triggers credit penalty and health stress.

Epic 3: Academic Progression & Driver Certification

- **US-3.1: GEMS Wellington & Brain U Enrollment**
- *As a* visitor, *I want to* study accredited courses with Laura at GEMS Wellington and Brain U, *so that* I earn diplomas and unlock a 90-Day Student Residence Visa.
- *Acceptance Criteria*: Passing grade *≥ 80|%* issues cryptographic diploma, boosts wage floor by *+20|%*, and upgrades visa status to "STUDENT".
- **US-3.2: 4-Stage RTA Driving License Gauntlet**
- *As an* aspiring driver, *I want to* complete Eye Test, Theory, Smart Yard, and Road Test, *so that* I earn a digital UAE Driving License in my Apple/Google Wallet.
- *Acceptance Criteria*: Passing all 4 stages generates digital wallet license, unlocks car purchasing, and enables high-paying courier/chauffeur gigs.

Epic 4: Cyber Defense & Wellness

- **US-4.1: Dubai Police e-Crime Anti-Scam Phone Simulator**
- *As a* smartphone user, *I want to* receive realistic scam calls and SMS alerts, *so that* reporting them earns civic cash bounties while falling for them penalizes my bank balance.
- *Acceptance Criteria*: "Comply" drains 10%–50% funds; "Report" awards +500 to +2,000 AED bounty and +50 cyber defense points.
- **US-4.2: Recharge, Rejuvenation & Holistic Health Buffs**

- *As a* career-driven avatar, *I want to* walk beaches, exercise, and sleep, *so that* my health rating stays *>85|%* for *+20|%* wage and *+25|%* study buffs.
- *Acceptance Criteria*: Health *>85|%* applies wage/study multiplier. Health *<30|%* triggers burnout movement and pay penalties.

Epic 5: Enterprise, Golden Visa & Tournament

- **US-5.1: Peer-to-Peer Venue Hiring**
- *As a* business owner, *I want to* post jobs on the Dubai Job Board and hire real player candidates, *so that* their diplomas boost my business revenue multiplier.
- *Acceptance Criteria*: Binding MOHRE contracts automate Friday 17:00 GST payroll. Staffed venues gain 1.5x to 3.0x revenue multiplier.
- **US-5.2: Fast-Track HNWI DLD Cube Path**
- *As an* HNWI player, *I want to* buy 2M+ virtual AED with my credit card to buy a luxury penthouse, *so that* I instantly receive a 10-Year Golden Visa.
- *Acceptance Criteria*: Real checkout via Stripe credits wallet. Buying qualifying freehold property generates DLD Title Deed and instant Golden Visa.
- **US-5.3: AED 5,000 Monthly Cash Tournament Championship**
- *As a* competitive resident, *I want my* Net Worth, Diplomas, Anti-Scam Defense, and Health KPIs to determine my rank on the Season Leaderboard, *so that* finishing #1 wins the real AED 5,000 cash purse.
- *Acceptance Criteria*: Leaderboard audits at 23:59:59 GST on the last day of each month. 4-pillar formula ensures whales cannot buy tournament victory. Cash prize paid via bank transfer.
